Subject: FW: DICO Des Moines TCE Final Report

Below is the link to the newest version of the Final Report for Dico. The main changes in this report from the previous version of the report is the changes in any references to the FFS instead of the EE/CA for the building demo and the removal of any language regarding the completed FFS for the SPA since that document is not final and is on hold for a little while.

Feel free to forward to others. I will send it to Hylton at IDNR.

Tonya Howell

Remedial Project Manager

Superfund Redevelopment Initiative Coordinator
